Shorthorn and Polled Shorthorn

## PRODUCTION SALE

LAMONI SALE CORPORATION

**Lamoni, Iowa**

**Saturday, Nov. 12**

12:00 NOON

**94 HEAD**

**26 Bulls, 55 Females, 13 Steers**

**From the heart of these herds:**

**Kenmar Farms, Harvey Fulton & Sons, Birtle, Manitoba**

**Noltimier Polled Shorthorns, Penn, North Dakota**

**Hilltop Ranch, Gerald and Carvin Guy, Veblen, South Dakota**

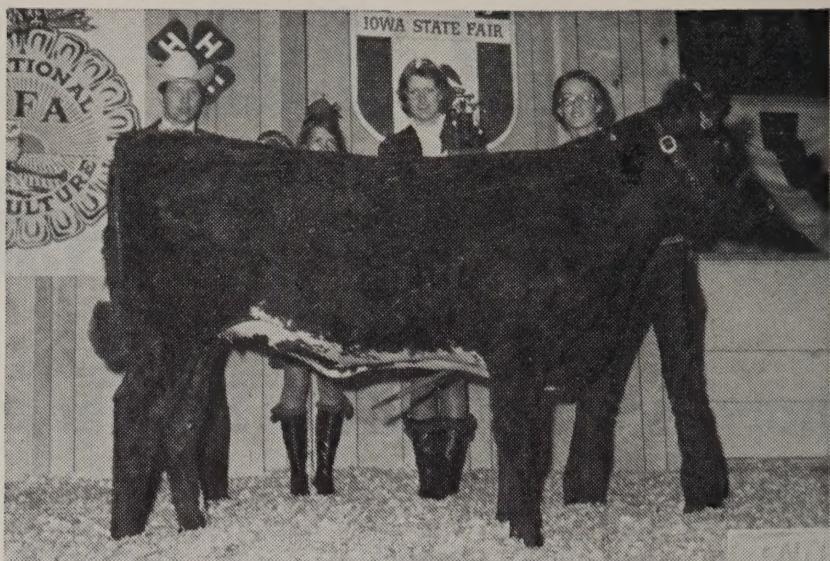

**Ioway Farms, The Orville Luedtke Family, Chariton and West Liberty, Iowa**

**McKee Family Shorthorns, Indianola, Iowa**

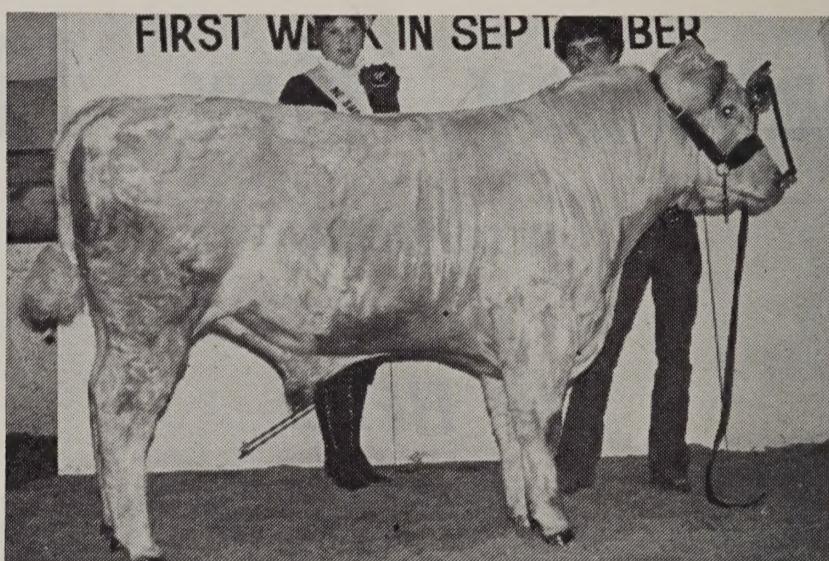

**JSF, The Jim Scott Family, Leon, Iowa**

Plans for this sale were formulated in the spring of 1977. Since that time the consignors in the U.S. have become affiliated with Bar 4 Shorthorns. Further consignments from these breeders will be made in conjunction with Bar 4 Shorthorns.

These consignors have assembled a group of cattle to suit a wide spectrum of needs. We feel they are cattle which will work for their new owners and have been selected with care. They are a representative of the very best from each herd.

**HILLTOP LASSIE 660** — This Lancer daughter, a full sister to Hilltop Lancer 457, bears an example of the potential in these two powerful sires. Winner of the National Junior heifer show, Iowa State Fair Junior and Open Class, just to name a few, she represents a type we feel can be a real asset to many herds in this country. If you agree that this is a type that will work in your herd, examine closely several of the cattle in this sale. Here we have size and thickness sufficient to beat the exotic cattle with femininity as well. Bred by Hilltop Ranch, Gerald & Carvin Guy. Shown by Cathy Scott & JSF Shorthorns.

**MC KEE'S P. A. SILVER PRINCE** — 1977 Junior and Reserve Grand Champion Bull at the Missouri State Fair, Sedalia, Missouri, and Nebraska State Fair, Lincoln, Nebraska. This outstanding young son of Hub's Prince Adair has been a consistent winner in the show ring for McKee Family Shorthorns in 1977 and is typical of the quality of cattle to be found in their herd. Prince has been consistently one of the heaviest bulls per day of age in several mid-western shows. His sire is also the sire and service sire of some of the McKee consignments in this sale.

This steer, a combination of Beef x Dual bloodlines, was champion at South Central Iowa District Shorthorn Show this summer for Beth McKee. He is by the Tinnell bred bull, sire of several lots in this sale and out of a Barrington Grand Duke cow. This is typical of the steer potential in the bull and steer calf offering in this sale.

# ATTENTION JUNIORS !

The consignors to this sale are setting aside \$15.00 per lot toward a Junior Steer & Heifer Show fund. This show will be held in conjunction with the IFS Decatur County Open Steer Show, June 10, 1978. At that time, a separate show for cattle from this sale, these consignors, or Bar 4 members will be held for both steers and heifers.

The champions in both steer and heifer shows will receive \$200.00 CASH, TROPHY and RIBBON, reserve \$100.00 CASH, TROPHY and RIBBON. These cattle must have originated from these herds and be identified as such.

These breeders are anxious to produce cattle which will compete in competition with other cattle and also to provide a place for straight Shorthorn cattle to show. Any 1977 bull or heifer calves or steers sold in this sale, or privately from these herds are eligible.

## GENERAL INFORMATION

**SALE TIME** — 12:00 Noon CST, November 12, 1977.

**LOCATION** — Lamoni Sales Corporations on Highway 69, just west of Interstate 35 in Lamoni.

**TERMS** — Cash, unless prior arrangements have been made with owners or management. Settlements are to be made with clerks immediately following the sale. All stock will be at the buyer's risk as soon as bid off.

**GUARANTEE** — All cattle in this sale will be sold under the Standard Guarantee endorsed by the American Shorthorn Breeders' Association.

**LIABILITY** — Each transaction in this sale will constitute a contract between the buyer and seller of each lot. The auctioneer, ringmen, or sale manager have been employed for specific tasks not connected with the handling of the cattle or the condition of the premises and they will accept no liability, legal or otherwise, for the buying contract or for any accident. Neither can the seller accept any liability for injuries that may occur. All persons attend this sale at their own risk.

**FOOTNOTES** — Where footnotes appear, they have been furnished by the consignors. Announcements from the auction block take precedence over data in this catalog.

**REGISTRATION CERTIFICATE** — A certificate of registry will be furnished with each registered lot and will be transferred to the buyer without cost to him. Application for registry, properly signed, will be furnished with each unborn calf sold in dam.

**HEALTH** — All cattle are sold subject to a 60-day retest for tuberculosis if kept isolated, unless going into a Federally Accredited herd. Health certificates will be furnished to enable them to be shipped into other states. All cattle have been tested for tuberculosis unless they come from an accredited herd. The cattle have been tested for Bang's within 30 days, or have been calfhood vaccinated, unless otherwise stated.

**FRIDAY NIGHT GET-TOGETHER** — At 7:30 at K Bar C Supper Club on Highway 69, east of I-35.

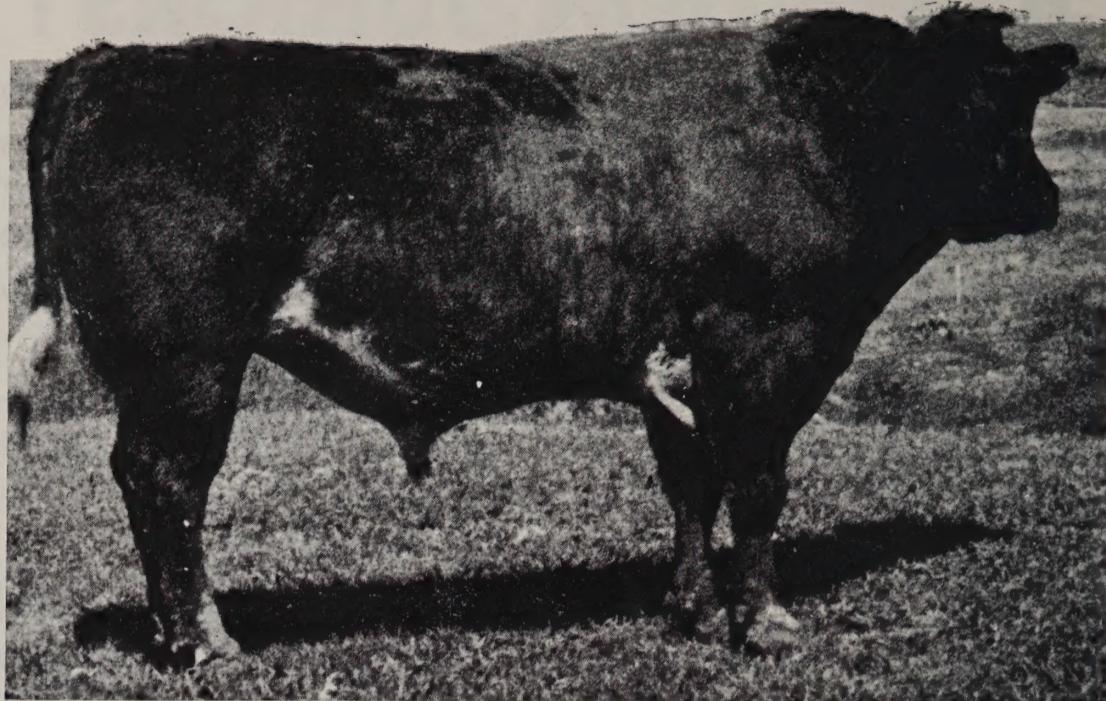

**AUCTIONEERS** — Charles Cannon and Gary Schwab.

**SALE MANAGEMENT** — By IFS Cattle Service, c/o Jim Scott, Leon, Iowa.

**REPRESENTATIVE** — Pat Buchen, American Shorthorn, Association, Omaha, Nebraska.

**PHONE TO USE SALE DAY** — 515/784-3323.

**MAIL BIDS** — We sincerely hope that you will attend. However, in the event that you cannot, you may be assured that your mail and phone bids to any of the personnel connected with the sale will be handled in strictest confidence and with highest integrity.

**NODAK KING'S TRADITION — "LANCER" —** A bull that has had a tremendous impact on the Shorthorn industry in the recent past. "Lancer" has sired the National Champion Bull for two consecutive years. His ability to sire cattle that do well in the show ring is known everywhere; his ability to sire the cattleman's type of cattle is also becoming widely accepted. Service and sire and grandsire of several lots in this sale.

### HUB'S PRINCE ADAIR

HHKA Buttercup's Prince 20th [ Mysha Prince Albert 2d  
HHKA Buttercup

HH Adair Fantastic [ Tops 60 Rosemont Robin Adair  
HHKA Fantastic

**HUB'S PRINCE ADAIR** — Does this bull look like a "milker" to you? We'll leave that up to you to answer, but we're pretty sure what you'll say. Cattle with milking Shorthorn pedigrees do not all look alike. This bull exhibits many traits so badly needed in many Shorthorn breeding programs today. Not only does he exhibit these traits but his offspring, in just one short show season thus far, have proven themselves worthy of mention. Junior and reserve grand champion at Missouri and Nebraska State Fairs, calf champion female at All Iowa and Nebraska State Fair, get of sire groups consistently standing in first or second all summer, these are the offspring of this bull, and they will work for you. The potential of this bull is just beginning to be realized, and the herd of his origin is in need of no introduction.

**KENMAR STANDARD 32E X** — Sired by the great Kenmar Standard 19X, this bull shows tremendous natural fleshing, and is siring calves with this same asset. Owned jointly with McKee Family Shorthorns, Standard 32E will suit the most discriminating critic of straight beef Shorthorns. One of his sons was reserve champion in the Decatur County Iowa carcass show over a large field of crossbred and exotic cattle. Top testing bull in last year's crop. Adj. 205-day wt. — 638. One steer shown in 1976 was the highest-placing English-bred steer in his class at the Iowa State Fair Show, where all breeds are shown together.

## **STEER CALVES**

The Consignors have consented to bring 10-15 head of top quality steer calves to provide calves for the 1978 Bar 4 Shorthorn steer and heifer show, June 10, at Leon, Iowa. See the front of this catalog for details on this new idea in store for junior members.

These steers offered will all be eligible to compete for the prize money offered in this show, as well as the \$1000.00 grand prize offered by Bar 4 for winning in inter-breed competition. These steers, most of which are sired by the reference sires in the front of the catalog, not only will be eligible for the show ring competition, but also will work in carcass competition.

Remember, a full brother to one of the heifers in this sale by Kenmar Standard 32E was reserve grand champion ON THE RAIL over more than 20 head of largely exotic crossbreds in the Decatur County, Iowa, Carcass Show.

## **AT 7:00 P.M.**

IFS Cattle Services will sponsor an all breed and crossbred steer and heifer sale featuring club and open steer prospects from some of the local producers. If you're in the market for good prospects, plan to attend this sale. As an added attraction, there will be a consignment of DEERPARK SHORTHORN club calves. These steers will be eligible to show in straight bred Shorthorn competition.

# STANDARD GUARANTEE

## OF AMERICAN SHORTHORN BREEDING ASSOCIATION

1. Proper care must be given by purchaser to protect breeding qualities and health of guaranteed animals.
2. Bulls are guaranteed breeders, provided they are not allowed to serve when under 14 months of age, or allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder, notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.
3. With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age shall not be served by a heavy or old bull. Cows or heifers sold as bred, or safe in calf, not proving to be in calf must be reported to the seller within six months after date of sale. Females over 14 months of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller. (Cows with calves at foot even though bred are not given any guarantee.)
4. When an animal fails to comply with the above guarantee the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or of having the animal returned for a trial period not to exceed six months. The expense of freight in such case is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt it shall be returned to the purchaser at his expense. In case of dispute the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction on all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any other animal later substituted.
5. In the event an animal is returned by the buyer to the seller as a non-breeder, the buyer must furnish to the seller a veterinarian's certificate showing that his herd is healthy if such certificate is required by the seller.
6. All animals are sold to comply with the laws regulating tuberculosis and Bang's disease of the state or country into which they may be shipped.
7. Certificates of registry and transfer will be furnished with each animal sold. A signed pedigree application for unborn calves should be furnished with bred females, showing names and record numbers of sire and dam, as well as service date.
